

The latest scientific research on
Alzheimer • Frailty/Sarcopenia • Nutrition • Nursing Home

Currently take place the 9th Conference Clinical Trials on Alzheimer's Disease in San Diego (USA), the abstracts are available for aging new readers on the site <http://www.aging-news.net/identification/> (password Ctad2016) with the presentation of many trials results on Alzheimer drug development

ALZHEIMER

Barriers for Prevention Alzheimer Trials

Numerous studies have provided evidence supporting the hypothesis that AD neuropathology develops slowly over time, with the deposition of amyloid in the brain beginning as much as two decades before cognitive impairment.
